Please make plans to join us for this powerful, peaceful "Lie In" in downtown Baltimore. This event is being staged in response to the senseless deaths that have happened to date and to rally together to prevent those yet to occur.

We must join together, united to seek solutions to the crisis that impacts each of us daily. There are certain moments in time, when it becomes imperative that people stand together to bring about change... change that is driven by those most impacted.

October 28th is this day.

We have been silent too long...Now is the time for us to come together and seek solutions to the problems plaguing our city. We must rally together, roll up our sleeves, and move from paralysis to a position of power and unity.

This crisis does not rest solely on the steps of City Hall....it does not rest solely at Police Headquarters..... It also rests on our own doorsteps.

Be a part of monumental "call-to action" event in our City – an action that we have not seen in our City for over 50 years. Join us and take the pledge to act and together let us work to end the murder and violence that is destroying our city.

This event will enable us to see, feel and experience the magnitude of the crisis facing our community.

The time is now for action!

The consequences are too great if we fail to act.

Be there...See...Feel...then Act.
